

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of every global business. Transporting industrial goods happens each day on our industrious planet. First innovated as industrial vehicles during the 1930s in America, forklifts gained popularity following World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these equipment spread worldwide.

In nineteen forty nine, established by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Currently the company is simply known as TCM Corporation. Through the years, TCM forklifts have become a worldwide leader in forklift manufacturing and have built a solid reputation in the trade. TCM began building lift truck manufacturing locations outside of Japan during the 1980s and is presently engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

With more than fifty years of accumulated technology and expertise, TCM has been proudly making various models of industrial lift trucks, making their models recognizable all around the globe. With an energetic and strong staff, TCM has been able to constantly work towards becoming a future leading material handling business.
